Lab Safety

Dr. Ahmed Mohamed

# Lecture Hall & Lab Safety Begins Before You Go to the Lab!

- Attendance in classroom or lab is **obligatory**.
- You are allowed to enter the teaching room within the **first 10 min** of the lab session.
- If you miss a lab session, you will **NOT be allowed** to repeat the missed lab experiment under any circumstances.
- Always wear your **lab coat before** entering the lab.
- Use goggles & gloves if necessary as directed by your lab instructor.

# Dressing for Lab

# Safety measures & rules

- **Behave** in a **respectable** and **responsible** way all over the lab.
- **Only** take your **notebook** and **pen** to the lab area; **bags, coats, ...etc** should be kept in your **locker**.
- Mobile phones are allowed in condition to be kept on a **silent** mode.

# Safety measures & rules

**Tie up long hair to keep it away from **flame**.**

# Safety measures & rules

- **Do not touch** anything from the lab equipment unless told to do so by the lab instructor.
- Assume all chemicals in the lab are **dangerous**.
- **Do not taste** any solution or chemical.

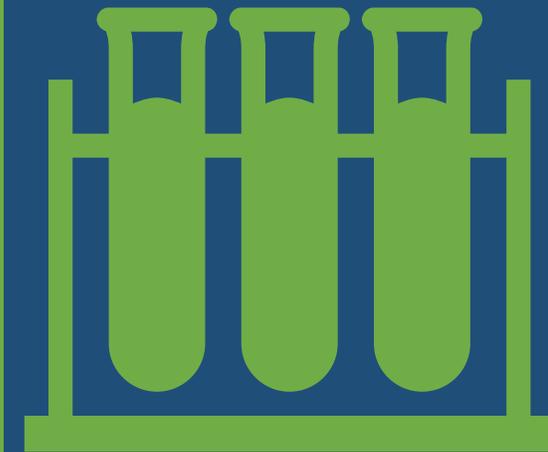

# Safety measures & rules

- **Do not** pipette any solution by **mouth**.
- **Do not** carry reagents **around** the lab.
- **No food or drink** is allowed in the lab.

# In the Event of a Lab Accident...

- **Note** the position of the **safety showers** in the lab.
- **Wash** your hands thoroughly **before leaving** the lab.

# At the End of Your Lab Time...

- You should **cleanup** your work area after the lab experiment and return it back the way you found it.
- Every student should bring his **own soft tissue paper**.
- The lab instructor will check your work area **before** you leave the lab.
